

		CaRMS Applicant Webstation (AWS)	MCC
DATA (score and standing)	MCCEE	Applicant authorizes data exchange with MCC through request for registration. Status changes to examinations indicated can be made through AWS.	Receives data two to three weeks before file review begins and updates at regular intervals;
	MCCQE Part I	Two to three weeks before file review begins, data sent to MCC with periodic updates	MCC sends latest score result and standing data to CaRMS before file review begins; if there is a pending result, MCC sends that information as the most recent information.
	MCCQE Part II		
	NAC OSCE*	Applicant authorizes data exchange with MCC through the examination section in AWS; See milestone in CaRMS timetable.	Applicant authorizes data exchange with MCC through submission of a NAC OSCE release form directly to MCC. A link to the release form can be found in the examination section of AWS.

*From June 2010 to latest available examination date
